

URGENT ACTION REQUIRED

The new Single Sticker program officially starts on
MARCH 1, 2015

ALL INSPECTION STATIONS MUST HAVE A PRINTER

*All stations are REQUIRED to have a functioning PRINTER and PAPER by MARCH 1, 2015
in order to print Vehicle Inspection Reports for customers.*

You can order the suggested Dell B1160 printer online at:
<http://printers.portal.texas.gov>

You can also purchase the printer by calling **1-855-845-0842, x2**
or buy a **Dell B1160** printer from a retailer near you.

If you choose not to use the suggested printer above, you can use one of the following printers:

Dell B1260dn

Lexmark MS312dn or MS315dn

Okidata B411d

Note: Updates to enable the certified printers listed above will not impact any printer you have
that is currently working. Your printer will continue to operate as expected.

Important Update About the HP P1606dn Printer

If you purchased an HP P1606dn after December 15, 2014, it will not work due to a firmware change by HP.

Please return the printer and purchase one of the printers listed above. If you need clarification or
have questions, please call 1-855-845-0842.

Questions? Call the DPS Direct Support Team at 1-855-845-0842 or visit
www.txdps.state.tx.us/rsd/vi/vic/vic.htm for more information.
